REFUNDABLE DEPOSIT

To ensure that you receive your deposit back, the following needs to be done prior to our arrival to pick up the rented Inflatable. Additional charges apply if we have to wait for you to clean or if we have to return.

Leave bounce inflated if possible, so inspection can be made on site. This will speed return of your deposit.

Cleaning the inflatable

- 1) You will need to vacuum it out, making sure that you lay over the laps and vacuum at the stitch line on each side of the lap, this is where dirt and grass accumulate.
GRS does offer a cleaning kit to rent that includes compact vac, bucket & towels.
- 2) Wipe out with a damp soft cloth any dirt or dust inside inflatable.
- 3) Inspect outside making sure no dirt, mud or dust has collected on inflatable, wipe down as well.
- 4) Overnight rentals need to be reinflated to dry out any accumulated dew or moisture.
Excess water may have to be wiped off. (turn off automatic lawn sprinklers!!!!)

If at the time of pickup we are unable to inspect on site we will take the bounce and at a later time inspect it to determine refund (this will be as our time allows).

We Thank You for your Business and hope you have a Wonderful Day of JUMPING.
