

Department: Drafting

Exciting new opportunity in Belgrade! **Roof and Floor System Designer!** Come work for one of the largest independent building material suppliers in New England. We are actively looking for someone to design and price roof and floor systems utilizing **MITEK software**.

Essential Duties and Responsibilities:

- Analyze blueprints while using MITEK software to engineer accurate, efficient and cost-effective designs of wood framed structures for residential and commercial projects.
- Collaborate with our drafting and sales team members to ensure compliant and efficient structures.
- Establish and maintain relationships with customers, engineers, architects and contractors
- Identify and resolve problems in a timely manner, develop alternative solutions

Education and Experience:

- Direct experience in engineered structural designs
- Reading and interpreting blueprints in an architectural/related industry
- Experience with Microsoft Office products, MITEK software knowledge
- Use one of our multiple links to apply on line, PC or mobile
- Stop by any store for an application and return completed applications to any of our receptionists.
- Mail completed applications to Hammond Lumber Company, Attn. Rod Wiles, PO Box 500 Belgrade, ME 04937
- Fax to (207) 495-3389
